Florida's Top Officials Inoculated With "Ramie Disease" Professionally, Substantially And Most Thoroughly

Ramie had it's day before Florida's top officials TUESDAY when the Bill Pierce Associates, led by Attorney Edgar Hamilton presented a report on the progress of ramie to the Internal Improvement Board with emphasis on the part the Pierce System is playing in the progress of public use of the wonder fiber.

Experienced growers, agricultural scientists, textile engineers and textile manufacturers certified to Florida's top officials that the growing of the plant is an accepted, complete accomplishment in the mucklands, that removing the fiber from the stalk, cleaning it and removing the gums ready for the spinner is a practical and economical process, that the plant can be planted mechanically, and that spinning yarns, blended with other natural or synthetic fibers, or 100% ramie, is a routine procedure on the regular cotton or the American cotton systems.

Mr. J. L. Gray, of the Gray Mills, Gastonia, N. C. displayed fibers spun by him which he described as "having the softness, not heretofore evident in ramie, which allows easier working by the weaver." Mr. Gray told the Board that he has sent out samples of yarns to manufacturers of end products—journal packing, paper manufacturing, blankets, rope and others—and sees no reason why the many advantages of ramie fiber now available to the manufacturer, shouldn't bring the use of ramie fiber to millions of pounds annually.

Mr. Gray stated that Bill Pierce's is the finest ramie fiber for the spinner he had seen in his ten years of experimentation with it. Mr. Gray's operation is in producing specialty yarns of all blends or individual fibers.

Dr. Allison said "the production of the ramie plant agriculturally is a proven every-day operation in the mucklands which are especially adapted." He complimented Bill Pierce on the very excellent fiber turned out by his system.

Harley G. Morton, a retired textile manufacturer, and fiber specialist of the T. I. Board, reported "in my two years' work with near 400 of America's textile mills, we have discovered the mechanical irritations in the spinning and weaving of ramie both in blends and as 100% fibers, and the major have worked in the laboratories

of mills with their technicians to blend ramie with cotton, wool, and all synthetics to produce end items that possess the advantages of ramie that at the end, demand, whether it's strength, no stretch, no shrink, resistance to mildew, absorbent qualities and resistance to abrasion."

Mr. Morton told of the tests made by one of the largest carpet manufacturers with 100% wool, 50/50 wool and ramie and 100% ramie. All wool endured 20,000 testing strokes, 50/50 withstood 37,000 (Continued on page Four)

Ramie Degumming Planned In Glades By New York Group

B. R. Fuller, Jr., Director of the Florida Development Commission, announced the signing of an agreement between the group of New York State and a Glades group, which contemplates the opening of a ramie degumming plant near Belle Glade by May 15th of this year.

James H. Thompson, representing the New York group, was introduced by Mr. Fuller as a contact of the Commission, who was intercepted on his way to Cuba more than a year ago.

The PB County Resources Development Board has held many meetings with the out-of-state group and Palm Beach County ramie growers in the interest of a definite agreement.

Mr. Thompson said that more definite plans will be announced within a few weeks, but that the organization plans to purchase half a million pounds of fiber during '57 with future demands expected to reach millions of pounds.

Mr. Allison said "the production of the ramie plant agriculturally is a proven every-day operation in the mucklands which are especially adapted." He complimented Bill Pierce on the very excellent fiber turned out by his system.

Rogers Bill Aims At Roll Call Vote On All Appropriation Measures

Congressman Paul G. Rogers of Florida's District today re-introduced a resolution he had introduced in the 84th Congress, which calls for a roll-call vote on all appropriation bills of a public character. Mr. Rogers stated that during the 84th Congress some 33 billion dollars were passed without a recorded vote and may vote.

The Congressman stated that the passage of the resolution would be one method for more economy in government spending, since it would tend to make congressmen more economy-minded if their votes on appropriation bills were recorded, and that passage of such a resolution could be a strong factor in bringing about economy in our government. Mr. Rogers further stated "I feel that appropriations are of such vital importance that the taxpayers and public generally should know how the individual congressmen votes in spending the taxpayers' money, and that passage of my resolution would be a step toward economy."

Rams Vs Eagles Here Tonight

The Belle Glade Rams, currently riding in 4th place in the Sun Coast Conference standings with 4 wins and two losses will entertain the Ft. Pierce Eagles here tonight in a very important conference contest.

The Eagles appear to be the favorites but the Rams will be at full strength for the first time in a week and will be playing on their home ground. This is the first meeting of these two teams and the results of this game should give some indication as to the chances of the Rams in the conference race.

The "B" teams will play at 7:00 o'clock and the Junior varsity expects to have a game beginning at 8:00.

BG Lions To Begin Rehearsals For 6th Annual Minstrel Show

Announcement has been made by R. E. Hotard, President of the Belle Glade Lions Club that rehearsals for the sixth annual minstrel show will start on the evening of Jan. 30, 1957 at the Belle Glade Elementary School auditorium.

Prospective cast and audience members alike are looking forward to this outstanding annual event. General Chairman, V. L. Dexter has organized strong local committees to co-operate with Director Russ Rowland.

Lorenzo Connell, Chairman of Talent, states that many of the oldtimers will participate, many new faces will be seen in the colorful and comical revue and minstrel entitled "Let's See Us". It will be staged on the nights of February 14 and 15 at the Belle Glade High School Auditorium.

Ticket chairman, W. L. Cunningham has announced that all members of the Lions Club now have tickets to sell.

Visitors At Rotary Pan-American Day

MR. M. L. QUINTANA, top at President of the Rotary Club of the Okeelanta Sugar Refinery told Rotarians that "language not distance, is the only obstacle to a better understanding between Latin-Americans and Floridians". Mr. Julio Prieto of Columbia, lower right, Mr. Miguel Rubio of Puerto Rico and Luis F. De LaGuardia, lower left, were guests at the Latin-American program.

To foster a closer acquaintance with our Pan American friends who are already here in business and make their civic and social life more a part of the community, Rotary invites attention to the great number who are here now and the possibility of additions. George Young told local Rotarians Friday.

Among the Spanish speaking newcomers to the Glades as land owners and operators, Mr. Young listed from Colombia, Somer, Jaramilla, Epifanio, Ortiz, Pelaez and Campuzano; from Puerto Rico, Jose and Louis Moran, Jacobo Cabassa, C. Figueroa, Alberto Arrieta, James Ortiz, the Serralles and Cabrerias; from Chile, Victor Guzman, and Amilo Tagle.

Mr. Quintana was with Mr. Prieto, spoke of the opportunities and attractions to the Pan Americans in Florida, and the spirit of friendliness of the Floridian towards these newcomers.

Mr. La Guardia, a frequent visitor to the Glades expressed appreciation of this gesture towards the folks of the Caribbean and of the South American.

Mr. Rubio invited neighbors on the part of Glades farmers and assured them of a reciprocation on the part of Okeelanta.

Straw Ballot Asked On Sale Of Revenue Bonds For Improvement

City Manager Robinson is sending out approximately 1200 ballots to water users of the City asking for an expression of favor or opposition to the issuance of \$500,000 of revenue

The Glades area are expected to attend the performance. Tickets are now on sale by band members. Donations for the afternoon's entertainment is only 50 cents. Everyone is invited to come and bring the whole family.

Continued Growth In Agricultural Industries Cited

County Agent M. U. "Red" Mount, in his annual report to the county commission Monday, predicted continued growth of the county's agricultural industry.

Mount said this was his 31st report to the commission "and as always, we can report progress in agriculture."

Summarizing last year's activities, Mount said his department has made more than 2,900 farm and home visits; handled 5,400 office calls; took 12,500 telephone calls; staged 86 radio broadcasts and 754 meetings with some 32,000 residents in all.

Railroad Promises To Have Crew Working On Crossing Signals

City Manager Robinson has received a letter from the FEC railroad stating that they expect to have a crew busy by the last week in January installing warning signals on the crossing created by the lowering of the rails at the Hillboro Canal.

At its last meeting the City Commission asked the City Attorney to prepare an ordinance in keeping with similar laws in other Florida cities to regulate the speed of trains and controls in the City.

It is unfortunate that it takes such an accident to emphasize the need of preventive or curative measures by those responsible.

McLendon Rites Set For 10 A. M.

Funeral services will be held this morning at the Community Methodist Church at 10:00 a. m. for Bryant (Red) McLendon, 62, pioneer resident of Belle Glade who died after a short illness following a heart attack at the local hospital Friday night about 9:30. Official in charge of the service will be Rev. H. E. Garrett. Interment will be at Port Mayaca Cemetery with the Masonic Lodge in charge of the graveside service.

A native of Osteen, Fla., Mr. McLendon had resided in Stuart before coming to Belle Glade in 1917, and ran a fish boat on Lake Okeechobee until

Carlot Shipments Include 9 Items During Past Week

Glades rail car shipments to date are approximately 25% under those of one year ago—2,511 as against 3,312 a year ago.

Celery, mixed vegetables and escarole make up almost 90% of the total volume for the week, with cabbage and potatoes accounting for most of the balance.

Prices remain generally steady and the supply is generous. Shipments, which normally amount to 500 to 600, of the total Glades movement, give us a total movement to date of approximately 6,000 carlot equivalents.

Congressman Rogers Offering Restriction To Federal Spending

Representative Paul Rogers has introduced in the present Congress a bill which would place the entire Federal budget on an annual accrued expenditure basis.

This would prevent appropriations from being carried over from one year to the next without a full report to Congress as to why a bill is not spent before more monies are asked.

Glades Courthouse Officially Named

The county commission's new administrative center to be built near Belle Glade was officially named this week as the Glades Office Building, a name proposed by County Commissioner Paul Rardin, Canal Point.

The commission last week authorized annually \$100,000 in administrative center and also additions to a county office building in West Palm Beach.

County stations and Chairman Kenneth Foster this week called for a meeting of the recently formed "fourhouse council" to meet with the county board and decide what county offices shall be housed in the two administrative centers.

In other actions this week the board:

Referred to county engineer, a proposal to sound proof the grand jury room at the court house.

Plans for the commission to attend several meetings in Tallahassee which will include meeting with the State Board of Control on a four-year college site in the county and with the State Road Board on county projects in the current fiscal year.

Approved a sound proofing plan for the grand jury room at the court house.

THE LONG HAUL... Since September 1, 1956, 14,308 migrant agricultural workers have obtained job information at the Clewiston station on major highways coming into this State. This program is run by the Department of Agriculture and the Farm Labor Department of the Florida State Employment Service.

The different stations are kept informed where workers are needed most. This information helps keep the workers from wandering from place to place. These stations have helped us on several occasions this year to get workers to growers that were really in need of them. These check stations are run on a voluntary basis and no one is required to stop. It is estimated that about 100,000 migrants work in Florida during the winter months, most of whom call Florida home, and do their migration out of the State. I believe that by using these check stations to the fullest extent a lot of useless traveling by the farm workers can be eliminated.

W. C. (Bill) ALLEN, right, and Bill Jeffries, Manager of the South Florida Conservancy District, marvel at the radio telephone now in use by the district between the office and mobile units within the district. Mrs. Sandra Dean is operating the phone.

W. C. (Bill) Allen age 66 retired January 1st, after 28 years service with the South Florida Conservancy District, with the statement "The comparison of the mobile radio telephone now used with the communication system in the Glades when I went to work with them — two telephones in the community — indicates the progress of the area."

"When a call came in for someone in the community everyone began searching for that person, and when the conversation was over there were many disappointments if the subject of conversation wasn't available for general discussion," Mr. Allen said.

Mr. Allen came to the Glades in 1914 from Empire, Ga. and helped grade the streets of Okeechobee as his first work. Since commencement of his work with the Arundel Corporation on the St. Lucie Canal he has been associated with drainage and water control in the Glades, except for the two years he spent in the Army in World War One.

Among other jobs with which Bill has been connected was the first road into Belle Glade — "Twenty Mile Bend to Belle Glade" — and the Pahokee road.

It will also mark the first and exclusive appearance of either sister in Florida this season. "We are so happy to have these distinguished stars in a distinguished play as our season's opening attraction," commented Miss Howes.

Continuing the list of plays and stars to appear at the Palm Beach Playhouse this season, Miss Howes announced the week of February 4, would bring screen-star Linda Darnell in "Anniversary Waltz"; the week of February 11, Gracie Fields in a twin-bill — the first half of the evening devoted to St. James M. Barrie's famous "The Old Lady Shows Her Medals", the second half to "An Evening With Gracie Fields".

On February 18, Eddie Bracken will star in George Axelrod's famous comedy hit "The Seven Year Itch", and the week of February 25th will bring Celeste Holm in "Affairs of State".

Stars and plays to be scheduled for later in the 12-week season include Joan Bennett and Donald Cook in "Janus"; Eva Gabor in William Inge's "Bus Stop"; Chorton Heston in "Detective Story"; Claude Rains in a new play, "Faye Emerson, Bull Rabbone, Ruth Chatterton" in "The Little Foxes"; a new play, "A for Adult", which would be directed by Guthrie McClintic; Hermione Gingold in Noel Coward's comedy-drama, "Fallen Angels"; Barry Sullivan, Hume Cronyn and Jessica Tandy, British stage and screen star Joan Greenwood; Paul Newman, star of the film "Somebody Up There Likes Me"; and other exciting personalities of stage, screen and television.

Delivery Of Imperials In December Sets Record

More Imperial automobiles were delivered to retail customers in the month of December than in any other month in the 33-year history of Chrysler Division, reports C. E. Briggs, vice president in charge of sales, Chrysler Division.

A total of 2,203 Imperials were delivered during December, 1956. This figure is up 21.4 per cent over the 1,151 Imperials delivered during December, 1955.

The 2,203 units delivered in December topped the all-time sales record of 2,154 Imperials delivered in May, 1951.

"Our dealers have received more requests for Imperial demonstrations than ever before," Mr. Briggs said. "Public interest at both the New York and Chicago automobile shows has to be drawing the greatest attention at all time high. Imperial's years-ahead styling, horizontal dual headlights, double wraparound windshield, curved glass in side windows and exclusive landau top seem to be drawing the greatest attention from the public."

Here's BIG NEWS for you
Greatest thing that ever happened to the Century

The fabulous new Buick Century Caballero

YOU'VE SEEN many improvements in wagons these past 5 years. But, to use a vivid expression, "You ain't seen nothing yet!"

For now comes a new kind of wagon — with Buick's Riviera hardtop styling and Buick's Century performance. An Estate Wagon called the *Caballero*.

It's the lowest and the sleekest wagon you ever saw — and the most practical wagon ever built by Buick.

You get up to 89 feet of level deck for "long" freight — wider-opening rear gates-top and bottom for easier loading — a panoramic rear window for safer parking. Your rear-seat passengers get a view unmarred by center posts.

But beyond all that, this one's a '57 Buick Century through and through.

So you ride with the buoyant new roadability — from a new chassis that "nests" the body and gives you a record low center of gravity.

You guide with a new and surer handling, stop on the level even when you have to brake hard, travel with the satisfying security of Buick brawn, solidity, rock-firm steadiness.

Above all, you command a quicker and surer power response that stems from an all-new 364-cubic-inch V8 engine.

And sparking this great power is a new advanced Variable Pitch Dynaflow™ so instant it practically eliminates your need for "Low."

The new *Caballero* Estate Wagon comes at a price surprisingly easy to take. Or you can have a similar body style in Buick's even lower-priced SPECIAL Series. Drop in and see us—today.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

SAFETY NEWS
Only Buick has SAFETY-MINDER!
—a simple device that's a great boon to your safety. You merely press the miles-per-hour you want. When you reach that point, a warning buzzer sounds. Drop below that pace and the buzzer stops.

SAFETY REMINDER
Dim your lights even if the oncoming car does not. Your chances are better if one of you can see.

Co. Commission Has Been Busy In '56 Keeping Up With County's Progress

Kenneth Foster, West Palm Beach, who this week started his third term on the county commission, was named Monday to be chairman of the board for the coming year.

Foster, succeeded Paul Bardin, Canal Point, who has served as chairman for the past year and who was also sworn in Monday for another term on the board from District 5.

Roy E. Michael, Jr., Lake Worth, who is starting his second term on the commission was named vice chairman.

Paul Bardin, Canal Point, retiring chairman in a summary of board achievements for the past year, put sale of \$750,000 revenue certificates to provide funds for a new childrens home and a four-story annex in the Glades, as number one accomplishment for the term.

Also pointed out as top accomplishments in Bardin's report were:

Completed remodeling of the courthouse at a cost of \$1 million.

Assisted in locating Pratt & Whitney Jet Engine plant in Palm Beach County.

Contracted for enlargement of county hospital.

Contracted for Lake Worth Inlet sand transfer plan — a half million dollar program being financed by the Town of Palm Beach.

Built a new access road to Pratt & Whitney plant.

Approved proposed project of new jet airfield for Palm Beach County and completed a substantial part of preliminary work.

Secured construction of new bridge on U. S. Highway One at Jupiter.

Received preliminary report on restoration of county beaches.

Established bulkhead line in Lake Worth.

Made cooperative agreement with Lake Worth Drainage District for improved drainage in urban areas.

Authorized cooperative agreement with Central and South Florida Flood Control board for secondary drainage plan for northeastern part of county.

Transferred 115 acres for permanent home for Palm Beach Junior College.

Made available 20 acres of county land for county fair ground.

Offered 800 acres of county land in John Prince Park for four year college plus taking other step to interest state in locating college in this area.

Instituted study for fire protection in suburban areas.

Enacted provisions for old subdivision streets to be paved to county specifications.

Organized garbage collection

program for urban areas and established land fill program for garbage disposal.

Established set backs on county and state highways.

Continued county zoning studies which will lead to new zoning laws.

Completed military campaign throughout the year to see that outland subdivisions were brought to the attention of the commission.

Pushed county road program which included start on four lane State Road 80 and four lane all but eight miles of U. S. Highway 1.

Dedicated remodeled courthouse and opened Indiantown road.

Coordinated with State Road Department for origin and destination survey to be used for future development of county highway system.

Worked out program with state for four lane Okeechobee Road to West Palm Beach city limits for turnpike access road.

Provided for construction of a new bridge on Donald Ross Road and planned for rebuilding Royal Palm.

Provided four road projects in the Glades: Avenue E in Belle Glade, Lake Front Road in Canal Point, 8th Ave. in South Bay and Muck City Road in Pahokee.

Made it possible to rebuild State Road 80 between Belle Glade and Six Mile Bend.

Worked out plan for new bridge on Bolles Canal Road at Okeelanta.

Improved State Road 80 from South Bay to Hendry County line.

CONTINUED GROWTH

Evidence and issued nearly 10,000 agricultural bulletins.

The county agent also told the commission that Palm Beach County is making giant strides in the nursery and ornamental crop and now ranks 25th in the nation. The county is 90th in the nation in sale of live cattle.

Miss Mary Todd, home demonstrator agent reported a large increase in home demonstration and 4-H club membership, predicted a large summer camp enrollment this year and said expectations are for greater production at the county's canning centers during the coming year.

Also reporting were Asst. County Agents John Causey who told the commission vegetable acreage is up about 5,000 acres over last years 88,000 acres under cultivation; Raleigh Griffith, who reported increased membership of boys 4-H Clubs and continued interest in poultry and egg production; Kent

and 100% ramie reached the 100,000 mark. However, the 500,000 staple ramie reached the 100,000 mark. The staple ramie which is a necessity in the fine carpet use, while the 100% did not, Huxted towing with the warp of cotton and filling of ramie, tested and adapted by a large hotel chain, showed in a test of 800 washings against approximately 320 by the all cotton towel.

Mr. Morton reported most satisfactory reports from all laboratories that have used the Bill Pierce fiber.

Herman Close pointed out to the Board that with the predicted use of 200,000 acres for ramie production in South Florida, will come an average of \$80 per acre annually in labor, and mostly in the summer time when farm labor use is at a minimum.

Fred Yount, President of the Florida Ramie Growers & Processors Association, told the Board that (at the time of the closing of Newport settlement as a wet blanket on the enthusiasm of the Glades grower, but that with the purchase of the Canal Point operation by the Pierce Associates and announced plan to continue its operation this feeling was somewhat eased. "However," he stated, "this fact coupled with the work that Bill Pierce has done towards solving the mechanical irritations" referred to by Mr. Morton and the production of such excellent fiber, our hopes are now higher than before. We believe that the county's future in the Glades is now on a more firm foundation."

The inventor and builder of the Caret field ribboner, OpaLula, La., told the Board that his five year's work with the harvesting of ramie has produced a machine that produces a field ribbon economically with two men, and that the ribboner has not only solved the fiber trouble until he saw results of the Pierce cleaning. He is of the opinion that the Pierce cleaner complementing his ribboner gives the degummer a fiber, in line, and of a high quality.

Mr. Hamilton's group gave the Board testimony of unimpeachable source and backed ground to firmly establish actual accomplishment of what millions of dollars and unlimited time has sought to accomplish.

Schofield Barracks, T. H. (AHTNC) — Army Specialist Third Class Robert C. Newkirk, whose wife, Claudine, and parents, Mr. and Mrs. Robert Newkirk, live in Pahokee, Fla., recently was graduated from the 25th Infantry Division's Non-Commissioned Officer Academy at Schofield Barracks, T. H.

Specialist Newkirk received instruction in leadership of units, map reading and other military subjects.

He entered the Army in 1951, was last stationed at Fort Still, Okla., and arrived in Hawaii in June 1956.

over the years — the availability of ramie fiber to manufacturers through mechanical processes so that its virtues may be utilized by the end user, and all this with consistent economy.

Mr. Hamilton lost no opportunity to hammer home the superior results of Mr. Pierce's methods.

The entire Cabinet, including the Governor, was joined in the Senate and House Appropriation Committees for showing of moving pictures on ramie, Pierce's machine and further indoctrination on the "ramie disease".

Several speakers referred to a "ramie disease" which is contagious/persistent, intriguing and offering opportunity for a multi-million-dollar annual waste producer for south Florida, agriculturally and industrially.

Cigarette Tax Share For November High
Belle Glade's share of cigarette tax collected during the month of November amounted to \$8,309, which is somewhere near an all time high.

Pahokee received \$3,341 and South Bay got \$702.23.

Mental Health Talk Heard By Legion, Aux.

An interesting and informative talk on mental health was given by Mrs. Doris Mills, executive secretary of the Florida Mental Health Assn., at a joint pot luck supper meeting of the American Legion and Auxiliary Tuesday evening at the Legion Home.

Mrs. Mills was assisted by Helen Wargman, social worker for the Child Guidance Center. They also showed a film, "The Family" which was followed by an open discussion which was very interesting.

Approximately 60 enjoyed the pot luck dinner and the program.

Local Boy Acquired By Order Of Judge

Lesman Johnson, 19, a local boy was ordered acquitted of the charge of attempted rape by order of Judge Hugh MacMillan, upon motion of defense attorney Eddie Sledge.

Conflicting stories by the girl under intense examination brought the admission by her that she had falsely accused the boy of forcing her in Johnson's car.

The judge directed the ac-

quittal verdict following several hours of examination and cross examination of the girl.

JOIN THE MARCH OF DIMES

The familiar Blue Crutch, symbol of hope for thousands of paralytic polio victims, is making an appearance throughout the state of Florida during January as a part of the March of Dimes Drive.

Civic organizations and youth organizations are handling the Blue Crutch campaign in communities throughout Florida. The Blue Crutch campaign ties in with the March of Dimes slogan, "Let's Finish The Job."

Since the March of Dimes started in 1938, \$400,000,000 has been provided for its programs. Some 322,000 patients were directly aided, at a cost of more than \$25,000,000. In addition, development and testing of the Salk polio vaccine used \$25,000,000 in March of Dimes funds.

A June wedding is planned by the couple.

Two Teen-Age Girls Celebrate Birthdays

Over 45 teen-agers attended a celebration in honor of the birthdays of Linda Berryhill, 14 and Marilyn Clements, 15, at the Municipal Park Monday night from 6:30 until 10 p. m.

A Wiener roast, with marshmallows and Cokes were enjoyed with entertainment of dancing on the tennis court, followed by a hayride to Canal Point.

Mrs. C. M. Berryhill and Mrs. Clements were the hostesses for their daughters.

Patti Ingram Feted At Afternoon Tea

Miss Patti Ingram whose marriage to C. M. (Mike) Kelly of Jacksonville will take place Jan. 26, was feted on Thursday afternoon, Jan. 10 at a tea given by Mrs. E. M. Lively at her home.

The honoree was lovely in a white eyelet tea dress and wore a corsage of pink sweetest roses. Mrs. W. S. Ingram chose a huggable tan afternoon dress which was complimented by a yellow rose bud corsage.

Guests were greeted at the door by the hostess, the honoree and her mother and directed to the tea table, which was laid with a beautiful white imported linen and "lacy" embroidered cloth, centered with an arrangement of pink carnations, sweetheart roses and baby breath in a crystal bowl, flanked by white tapers in crystal candleholders. Personalized napkins with wedding bells and the names of the engaged couple on them were used.

Mrs. H. V. Draa, Mrs. Sam Berry and Mrs. Christine Figueroa poured tea and coffee from the silver service and Mrs. Clyde Parrish assisted the hostess.

Gifts of china and a miniature brass wedding bell from India were presented to the bride-to-be by the hostess. Sandwiches, nuts, mints and decorated cakes were enjoyed by the more than 70 guests who called during the afternoon.

Mrs. Boydston Retires After 26 Years With Experiment Station

Mrs. Pauline Boydston with the Everglades Experiment Station for 26 years will go on retirement at the end of this month. Coming here in 1930 when there were about six men at the station, Mrs. Boydston has seen the growth of the station and the community.

Before coming to Belle Glade she worked with the State Plant Board for three years in Gainesville and after coming

here was executive secretary for many years.

During her long tenure of office, she has seen the station grow from a small group to its present standing and has certainly made her contribution to the growth through her efforts as a faithful worker throughout the years. Dr. Thomas Forsee said, adding it would be difficult to get some one to take her place.

Mrs. Boydston will return to Coral Gables where she lived before to reside with her sister, Mrs. Charles Fuchs. She plans to

work with her nephew, William Cauley in the insurance business in Miami.

In December the Experiment Station personnel honored Mrs. Boydston at a farewell picnic and outing with about 150 attending including former employees of the station as guests.

Program On Speech Heard By Sorority

An interesting program on speech habits and patterns was presented by Mrs. Charles Burkett and Mrs. Sam Lovell at the regular meeting of Beta Sigma Phi at the home of Mrs. J. G. Abbott. Members participating in the program provided instances of how to control voice and voice inflections.

Portions of the program and a skit, unknown to the members were recorded and played back to the group in order to point out flaws in speech and "how not to get on TV and Radio" Mrs. Rosa Nash, as moderator, presented the skit assisted by Mrs. E. F. McAllister, Mrs. Wm. A. Wooten, Mrs. Ted Roman and Mrs. Lorenzo Connel.

During the business meeting prior to the program, announcements were made of a progressive dinner for members and rushers to be held in January; that a social would follow the Mother's March of Dimes, which Mrs. William Graber, chairman, announced would be undertaken by the sorority with plans to be presented at the next meeting. A donation to the Mental Health association and the TB Seal Drive was voted by members and a proposed amendment to the rushing by laws was adopted.

Mrs. Charles Godwin was co-hostess with Mrs. Anne O'Brien present were Mrs. Rodney Connell, Mrs. Robert Matthews, Mrs. Neil De Pamphilis, Mrs. J. E. Jones, Mrs. Jimmie Williams, Mrs. Thomas Chappell, Mrs. George Wedgworth, Mrs. Robert Abel, Mrs. Frank Anderson, Mrs. Earl Lindrose and Mrs. Thomas Baker.

Glades Residents Petition County On Street Improvement

Improvement of several county roads came before the county commission this week for action by the board.

County Commissioner Paul Rardin presented a petition to the board, in which a number of residents of Palm Street in Chosen, asked for improvement of the street. Rardin's petition was referred to the engineering department for study and preparation of cost estimates.

Promote healing. You sit, walk, comfort! Only DITHANE M-22 stops pain. Stainless Paste Suppositories of Dithane Laboratories, Inc. Cincinnati and St. Louis, Mo.

JOHN W. CAMPBELL, John W. Campbell Farms Co., Goulds, Florida

"We have used DITHANE on tomatoes and several other crops... more than 10 years... for our last three tomato crops we have used a lot of DITHANE M-22 and are very pleased with the disease control it gave us. Fruit quality has been superior, and all things considered, I believe DITHANE M-22 is the outstanding tomato fungicide available today."

LOYD D. WITT, Witt Bros., Fort Pierce, Florida

There's no argument anywhere about the value of DITHANE M-22 for overall tomato disease control. About the only difference is that some prefer spray powder—others blended dusts available from your local dealer. Either way, this much fungicide helps you get lush, rich green foliage and outstanding yields.

FFA NEWS

By John Prevatt

Off to the Tampa State Fair seems to be the slogan of the Belle Glade Chapter of Future Farmers of America. The boys have good reason to be happy about the Fair. They will be presented a purchased bull by Sears Roebuck Foundation and the Florida Assn. of FFA.

The purpose of the presentation will be to improve beef stock in this area and also for grooming and showing in the community.

Attending the Fair will be Louis Friedheim, Cecil Harrell, John Townsend, Ed Lively, Harley Hollingsworth, Sidney Pearce, Terry Sands, John Willis, Ronald Hudspeth, Charles Mansfield, Warren Austin, Charles Lutz, Jet Morgan, James Cauley and Fred Mook.

Preparations of land for school crops began this week with ten of the boys planting beans. The Chapter will also plant an acre of peanuts.

Mrs. Forsee Attends Services For Brother

Mrs. Thomas Forsee was called to Kentucky last week by the death of her brother, Captain Ray F. Forsee, 58, who died in the Naval Hospital, Washington, D. C. on Jan. 8.

Captain Forsee was graduated from Annapolis at the close of World War I and served on submarine in the Mediterranean. During World War II he was with the Bureau of Ships in Washington, D. C. and since the war was in charge of Naval repair bases in San Francisco, Virginia and Portsmouth, Va., having recently been transferred back to the Bureau of Ships, in Washington. Services were held at the Naval Chapel on Wednesday and the body was sent to Glen, Ky., for final services and burial.

Teachers For Foreign Duty Asked By Air Force

The Air Force is seeking applications from teachers to serve in the dependent schools in England, France, Tripoli, Germany, Newfoundland, Iceland, Azores, Spain, Morocco, and the Philippine Islands.

This announcement was made yesterday by Mr. James O. Whitman, the Civilian Personnel Office at MacDill Air Force Base, Tampa.

Persons interested should obtain Standard Form 37, "Application For Federal Employment", from any first class U. S. Post Office and forward upon completion to the Civilian Personnel Office, MacDill Air Force Base, Florida. Applications must be received at MacDill no later than February 8, 1957.

Third Grade Brownies Visit Fire Department
The third grade Brownies, accompanied by their leaders, Mrs. George LeCout and Mrs. J. B. Jones were visitors at the local Fire Station last Friday. The 12 girls and their leaders were taken on an inspection tour by Charles (Bozo) Greer and Claude Fessenden, who explained all phases of the Fire Dept. The highlight of the afternoon was a ride on the fire truck, which the group enthusiastically agreed was lots of fun including the two mothers. Mrs. Greer and Mr. Fessenden received many compliments on their cooperation in demonstrating the workings of our fire department.

"Tampa's Pirate Krew" Was Founded In 1940
Tampa's Gasparilla Krew, which stages the famed Gasparilla Pirate Festival each February, was founded by the city's business, professional and social leaders more than a half century ago. And since its beginning in 1940, Ye Mystic Krew of Gasparilla has built a social idea into the nation's largest and most colorful pageantry spectacle. Casual conversation is planning a May festival in 1964 has resulted in a week-long festival of piratical events and buccanary hi-jinks known to the world. Full credit for the idea of a pirate festival goes to George W. Hardacre, a native of New Orleans who, in 1940, was a federal officer in Tampa. In seeking a way to lend additional color and merriment to the regular May festival, Hardacre hit on the legends and history of Jose Gaspar, an infamous buccanier who had operated in the Gulf of Mexico and the Tampa Bay area. As the pirate preferred to be called — presented a wealth of color and tradition on which to base unlimited fun and pageantry. Hardacre took his idea to sev-

eral of the city's leaders, and in a few weeks Ye Mystic Krew of Gasparilla was formed. Plans were immediately made to capture the city during the forthcoming May festival, a Pirate King was chosen, costumes were secured and a huge coronation ball was organized.

The first public appearance of Ye Krew was a far cry from today's spectacular, cannon-booming Gasparilla invasions. The members of Ye Mystic Krew, numbering about 50, simply materialized on horseback and led a parade from the waterfront through the city streets. A few nights later, the first coronation ball was held with the late E. R. Gunby as King Gasparilla I.

The same pattern was followed in 1953 and 1956. For various reasons, the festival was dropped for the next three years, but was revived in 1910. Then came a most important change in the routine, for in 1911 the invasion by sea was added to the pirate festival.

Aboard the three-masted schooner Samuel T. Beacham, the 1911 Krew received an enthusiastic welcome from the public as they sailed into Tampa harbor. In following years, the sea-borne invasion has been the most colorful part of the Gasparilla Pirate Festival.

Today the pirate Krew numbers some 350 Tampa businessmen and professional men. Turning pirate for a week, they storm into Tampa harbor on their fully-rigged pirate ship, stage a parade of the city streets, and continue their piratical hi-jinks throughout the week-long festival. In 1957, more than 600,000 persons are expected to jam

Tampa February 4th to see the invasion and triumphal parade which follows. Exactly 60 floats and 30 marching bands have made the pirate's march of triumph the largest spectacle parade in the nation.

If You Receive Pension You Must Report Income
Annual income questionnaires have been mailed to veterans and widows and children of deceased veterans who are receiving pension. The VA announced this week. Unless completed questionnaires are returned to the VA within 30 days, pension payments will be stopped, he stressed. Questionnaires are mailed out yearly because disability and death pensions are subject to annual income limitations. The current questionnaires request data on 1956 income and anticipated 1957 income. Pensions are payable to certain eligible veterans of World War I, World War II, and the Korean conflict, period who are permanently and totally disabled from causes not connected with their service in the armed forces, and to certain widows and children of veterans of these wars who die of non-service-connected causes. In both cases, the annual income of those receiving pension must not exceed \$14,000, without dependents, or \$2,700 with dependents. For income purposes, payments for VA disability or death, including the proceeds of GI insurance, need not be reported. However, all other payments, including gifts, income from employment, payments from commercial life insurance, Social Security, annuities, and retirement benefits must be reported on the questionnaire. If a person receiving pension fails to notify VA promptly of an increase in income which raises his annual income above the statutory limit, payments will be discontinued retroactively to the first of the year. This creates an overpayment, Mr. Hume said, and is subject to recovery by the Government.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away? What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design and less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim. The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only car in its field with a *laquer* finish... that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Chevrolet by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body. We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Fathers Present Program At PTA

A most interesting and informative program on "Recreation for our Youth" was presented at the regular meeting of the Parent Teachers' Association on Father's night, January 14.

Joe Friedheim chairman for the evening's program was introduced by Mrs. Frank Dooley, PTA president, who presented speakers on various phases of recreation in the community.

Coach Jim Maynor gave the highlights of the recreation facilities of the Community which included the Summer Program at the Municipal Park, during the day, summer program at the Elks Club for teenagers in the evening and the Rambler during school months.

He referred to as spectator recreation, Band concerts, Glee Club programs and athletic contests and said that the city park is not used enough by the adults in the community.

Coach Hector Ouellette spoke on the part of the school in the summer recreation program with five teachers assisting. He gave a brief talk about recent equipment in school facilities including soft and baseball, wrestling, track, boxing, trampolines and gymnastic equipment, and further stated that the school was as adequately equipped as any high school in the county.

City Manager Clarence E. Robinson spoke on financing of recreation facilities, including park and playground, Golf Course and the Rambler, and that plans are all set for the swimming pool but are waiting on the bond issue sale, mentioning that there was an increase in interest rate somewhat higher than a year ago.

Dale Ellis from the Chamber of Commerce pointed out the need for a boat landing ramp at the lake and that the port committee planned to deepen the channel using the fill from the on the picnic grounds in order to encourage use of its facilities, especially the Kissimmee Boat-a-Cade which was here this past year.

Dr. Robert Allen, vice president of the Palm Glades Girl Scout Council talked on Boy and Girl Scouting referring to both as the "recreation with a purpose". He gave a run down on the Council set up and told of the differences of operations in the Girl and Boy Scout Councils, adding that the wide scope of the things they learn are useful throughout their lives and is beneficial in combating juvenile delinquency.

The meeting was opened with a color ceremony by the Boy and Girl Scouts, with Frankie Rider, color bearer, Anna Marie LaChance and Ellen McCabe as guard of honor and Set. Tommie Cooper participating. Rev. N. Q. Geer gave the devotion.

During the business meeting, Mrs. Dooley cited the need of sheets and pillow cases for the first aid room; Mrs. Garold McKee, membership chairman, reported 553 members in the PTA; Announcements were made of the Family Life Study Course which would open at a next PTA meeting and continue Feb. 11 and 12.

Coffee and doughnuts were served by fathers, Tommy Parkers, Spence Whitlock, C. E. Lutz, Marvin Unwin and Wallace K. Lutz.

A most interesting and informative program on "Recreation for our Youth" was presented at the regular meeting of the Parent Teachers' Association on Father's night, January 14.

Joe Friedheim chairman for the evening's program was introduced by Mrs. Frank Dooley, PTA president, who presented speakers on various phases of recreation in the community.

Coach Jim Maynor gave the highlights of the recreation facilities of the Community which included the Summer Program at the Municipal Park, during the day, summer program at the Elks Club for teenagers in the evening and the Rambler during school months.

He referred to as spectator recreation, Band concerts, Glee Club programs and athletic contests and said that the city park is not used enough by the adults in the community.

Coach Hector Ouellette spoke on the part of the school in the summer recreation program with five teachers assisting. He gave a brief talk about recent equipment in school facilities including soft and baseball, wrestling, track, boxing, trampolines and gymnastic equipment, and further stated that the school was as adequately equipped as any high school in the county.

City Manager Clarence E. Robinson spoke on financing of recreation facilities, including park and playground, Golf Course and the Rambler, and that plans are all set for the swimming pool but are waiting on the bond issue sale, mentioning that there was an increase in interest rate somewhat higher than a year ago.

Dale Ellis from the Chamber of Commerce pointed out the need for a boat landing ramp at the lake and that the port committee planned to deepen the channel using the fill from the on the picnic grounds in order to encourage use of its facilities, especially the Kissimmee Boat-a-Cade which was here this past year.

Dr. Robert Allen, vice president of the Palm Glades Girl Scout Council talked on Boy and Girl Scouting referring to both as the "recreation with a purpose". He gave a run down on the Council set up and told of the differences of operations in the Girl and Boy Scout Councils, adding that the wide scope of the things they learn are useful throughout their lives and is beneficial in combating juvenile delinquency.

The meeting was opened with a color ceremony by the Boy and Girl Scouts, with Frankie Rider, color bearer, Anna Marie LaChance and Ellen McCabe as guard of honor and Set. Tommie Cooper participating. Rev. N. Q. Geer gave the devotion.

During the business meeting, Mrs. Dooley cited the need of sheets and pillow cases for the first aid room; Mrs. Garold McKee, membership chairman, reported 553 members in the PTA; Announcements were made of the Family Life Study Course which would open at a next PTA meeting and continue Feb. 11 and 12.

Coffee and doughnuts were served by fathers, Tommy Parkers, Spence Whitlock, C. E. Lutz, Marvin Unwin and Wallace K. Lutz.

Regular Army Jobs Go To Four Stetson Grads

A fine tribute to the Reserve Officer Training Corps program on the campus of Stetson University came yesterday when it was announced by the Department of the Army that four of five Stetson candidates had been granted Regular Army Commissions.

These are the same commissions given by the United States Military Academy and only ROTC units. Stetson and Flor-

ida A & M were the only two universities in Florida to have successful candidates in the initial quota. There are 232 colleges and universities in the nation with Army ROTC programs.

Dr. J. Ollie Edmunds, president of the University, congratulated those winning commissions: Cadet Maj. Richard K. Hopkins, Pierson; Cadet Maj. Ray D. Helping, Wabasso, Fla.; 400 are awarded annually to

Cadet Capt. James C. Shepard, Vero Beach, and Cadet Capt. Keith J. Shamrock, Uniontown, Pa. All are distinguished military students.

Because Stetson's ROTC program is designated "Branch General", the four officers have been selected as many branches of service. Hopkins will go to armor; Helping, Infantry; Shepard, Adjutant General's Department, and Shamrock, Finance Corp.

MERCURY BOOSTS PRODUCTION TO A MERCURY A MINUTE TO MEET DEMAND

A record 40,000 Big M's being built in January... a 43% increase over December. A Mercury a minute, every minute of the day and night! All Mercury assembly plants are working overtime with the largest work force in Mercury history to meet the tremendous buyer demand. The landslide swing to Mercury is solid evidence that the new Big M is the most exciting car value of 1957. Never before has so much bigness and luxury cost so little. Prices for America's most beautiful and advanced car are just an easy step above the low-price three.

the world's
most useful vehicles

It's good insurance and good business to own a vehicle that
will help you get more work done every day in the year—
that's a 'Jeep' 4-Wheel-Drive vehicle. On the highway, it
travels at road speeds in 2-wheel drive—a simple shift gives
the extra traction of 4-wheel drive for rough travel, on or
off the roads. With power take-off, these rugged vehicles
operate many kinds of special equipment. There's a 'Jeep'
vehicle that will fill your specific needs and serve you best.

Mrs. Elizabeth Pierce met
with the Home Demonstration
Club Friday afternoon. The
meeting was opened with pray-
er followed by a household hint
from each member. Mrs. Pierce
demonstrated short cuts in sew-
ing and the basics of cutting
from a pattern, also how to put
a zipper in a garment.

Plans were made for the work
meeting February 25th when
each woman will bring cloth
and a pattern and will alter the
pattern to fit and pin the pat-
tern ready for cutting. At the
next monthly meeting with
Mrs. Pierce, she will help her
group make tailored button
holes. Those present were Mrs.
Jessie Newburn, Mrs. Millie
Saylor, Mrs. Ruby Atkinson,
and Mrs. Eva Gambill.

Mr. and Mrs. W. E. Smart
and family stopped to visit
Mrs. Smart's aunt, Mrs. Tom
Newburn, as they were enroute
from Miami to Newport, Rhode
Island, where they will make
their home.

Mr. and Mrs. Neal Newburn
have a new little daughter, Ava
Jo, born last week at Belle
